Surveyors-Lebanon

## International salute

- ◆ Перед началом своего выступления, я хотел бы обратиться международный салют всем коллегам и рассказать вам, что просто стою здесь, перед вами, это большая честь сама по себе.
- ◆ Avant de commencer mon exposé, je voudrais aborder un salut international à tous les collègues et vous dire que, tout debout ici, devant vous, c'est un honneur en soi.
- ◆ Before starting my presentation, i would like to address an international salute to all colleagues and tell you that just standing here before you, it is an honor by itself

## How it Started

- ◆ First time I came to FIG with a dream that doesn't belong only to me, but to a whole nation and cultures.
- ◆ FIG was my Inspiration , especially the Globe

3

## First step, PROTECTION

- ◆ We started with documents that define the role and the rights of a Surveyor (R.Foster, H.Maggel, S.Enmark)
- ◆ Then meeting different races, cultures, faces and history.

### The turn

- ✦ Towards a global Vision: Humanism and Identity.
- ✦ With all the surrounding techniques that we NEED, who is a "Surveyor"

When a smart phone can be a surveying instrument,  
Ad later ... ☺

So to conserve the identity we have to start a Human  
Vision and here means: social, economic and cultural  
Development.
