

Commission 7 – Chair nomination

Kirsikka Riekkinen

- Assistant professor in Land management at Aalto University, Finland
- Doctor of Science (Tech) 2014, master in real estate economics (land management) 2009.
- “Kirsikka” is Finnish and means “Cherry”
- First working week in Rome 2012, a regular participant after that
- Participation in other FIG activities: TF on the role of FIG in future geospatial infrastructure ecosystem (2023-2025), TF on Knowledge Asset and Infrastructure Base (2024-2025)
- Member of LOC for Working Week in Helsinki 2017

Kirsikka and C7

- (Research) interests are very close to C7 themes: cadastre, land management, land administration, RRR's in all their forms, but also passionate about finding common interests between fields and commissions
- Vice chair of C7 since 2023
- C7 is unique: the one and only home of professionals and academics in the field of cadastre and land management
- C7 has active people and working groups, I am super happy about that and at the same time hope to encourage and enable also new people to participate
